13. ARREAR ACCOUNTS

13.1 Disconnection and Reconnection of Services

13.1.1 Arrears on rates, services or any other consolidated debt may result in disconnection of ANY service or in a restriction of use of municipal facilities.

- a) Where the owner or tenant is deceased, and such has not been reported to the Municipality; or
- b) Where a company, close corporation or trust has been deregistered and such has not been reported to the Municipality, or
- c) Where a Company or close corporation is deregistered and continues to trade but fails to settle debt owed to the Municipality.

13.1.3 Should the owner fail to allow access to the premises or the property to which services are supplied by the Municipality on three consecutive occasions, the CFO may, having

given due notice, disconnect, stop, restrict or discontinue the provision of any service, and the owner, at his or her cost should opt for a pre-paid meter.

13.1.4 Consumer who claims to have been wrongfully cut off should report such to the Municipality within two days, failure to do so, Municipality shall not be held responsible for any losses incurred by the consumer. Consumers who suffered losses due to wrongful disconnection should produce a proof of her/his losses to the Council so that an investigation can be undertaken

13.1.5 The owner of the property remains liable and responsible for all instances of unauthorised reconnections and disconnections, Illegal connection, tampering, damage or theft of municipal infrastructure, and services installed in the property. Furthermore, the onus is upon the owner to ensure that tenants/occupiers on the premises or the property refrain from such acts. Nothing precludes the Municipality from recovering charges from a previous owner where tampering is proven by the Municipality or in a court of law, to have predated a current owner's title to the property, or where the application of the laws allows, from both the previous and current owner, jointly or severally, the one paying the other to be absolved (given that the debt attaches by law to the property).

13.1.6 An unauthorised reconnection or illegal connection of or tampering with a service supply is prohibited and shall constitute a criminal offence which shall result in legal action being taken against the owner and disconnection of Municipal services or removal of the entire services supply being effected.

13.1.7 Subject to applicable legislation, the Municipality may refuse the supply of water or electricity to a consumer who is found guilty of fraud, theft or any other criminal offence related to Municipal services, or, where it is evident that such criminal offence has occurred, until such time as the total costs, penalties, other fees, illegal consumption and any applicable tariffs and rates due to the Municipality have been paid in full.

13.1.8 Reconnections of Municipal services will only be allowed when all applicable penalties and fees have been paid and the debt has been extinguished or suitable arrangements have been made to settle the debt.

13.1.9 In addition to the other circumstances in which a Municipal service may be disconnected in terms of this Policy or the By-law, services may be disconnected, after due notice has been given

13.1.11 Above will be authorised when—

- a) an executor has been appointed; or
- b) the Company or Close corporation has been re-registered. 13.1.11 The services of Customers on pre-paid meters, who tamper with their services, will be disconnected and any amounts due to the Municipality will become payable immediately. 13.1.12 Subject to the principles of administrative justice, the CFO may, at any time, insist that any service not registered in the name of the registered owner be transferred into the name of such property owner. Without derogating from the generality of the foregoing, the CFO shall have the right to take the same course of action where a Municipal Service that is not in the name of the registered owner, has been either restricted, disconnected or discontinued.

13.1.12 The Municipality is under no obligation to reconnect its service in the property occupied by the Company or Close Corporation that is under business rescue, unless full liquidation of debt and payment arrangements have been concluded between such Company or Close Corporation and the Municipality.

13.1.13 Any additional grounds for disconnecting Municipal services as set out in the Bylaw, shall be deemed to form part of this Policy.

14.1 Flow restrictors or flow limiters shall be installed in water connections of Customers who have not paid the total charges for water services (i.e. supply of potable water, and, where applicable, the disposal of sewage) for sixty (60) days or more, and who owe the Municipality more than the amount determined by the CFO from time to time, for water used and sewage discharged and who have not responded to written notification from the Municipality to—

14. DOMESTIC WATER AND SEWAGE DISPOSAL CUSTOMERS

14.1 On restriction of the water supply via a flow restrictor washer, Customers have the following payment options—

- 14.1.1 pay the outstanding debt in respect of water services charges in full (including all charges) plus the prevailing costs of a new water connection and penalty charges; or
- 14.1.2 apply for a flow limiter and sign a Credit Authority. The connection costs and penalty charges must be paid immediately.
- 14.1.3 apply for a flow limiter and sign a Credit Authority, subject to Clause **14.7** ; or
- 14.1.4 sign a Credit Authority for the arrears.

14.2 In the event of tampering of a restricted supply on two occasions, the Municipality may remove the entire water connection. Customers have two options to facilitate the reinstatement of the water supply–

14.2.1 pay the outstanding amount;

14.2.2 meet with officials of the Municipality; or 14.2 Flow limiters are installed on application and in compliance with the conditions as set out in Clause **14.3**.

14.3 If a Customer has received a new connection and then tampers with it again, the connection will be removed and will not be replaced until all outstanding water debts have been paid or liquidated by way of a Credit Authority.

14.4 All illegal connections that are found will be removed and owners and the Municipality may institute legal actions against occupiers.

14.5 The following applies to customers whose water supply has been limited using a flow limiter device–

14.5.1 They are obliged to attend a 15 minute training session. The training programme is vital as it makes Customers aware of how to manage with the free basic water per day. The Customer is also made aware that if the flow limiting device is tampered with in any way and the supply of water to the property increases above the free basic water per day and the tampering is detected by the Municipality before it has been reported to Matjhabeng Water and Sanitation Unit by the Customer, then the supply of water to the property will be permanently disconnected until the amounts owing have been paid in full (including the cost of a new water connection). In this regard, interest will again be due from the date that the tampering is detected by the Municipality.

14.5.2 They must sign a Credit Authority. Provided the terms of the Credit Authority are honoured, the debt will not attract further interest for the duration of the Credit Authority.

14.5.3 They must pay a minimum amount at the time of concluding the Credit Authority, as determined from time to time by the CFO, towards the Credit Authority.

14.5.4 The flow limiter device shall be removed once the outstanding amount is paid in full and the charge to remove the device is paid.

14.5.5 The Credit Authority shall be cancelled on application for a revenue clearance certificate and all debts on the property shall become due, owing and payable.

14.6 In the event of a funeral or other function associated with the death of a family member, or a family wedding, an application may be made for temporary relief whereby the flow limiter may be removed for a specific period of up to seven days only. The application must be supported by a letter from the ward or PR Councillor and the payment of a prescribed fee must be made to the Municipality as per the approved schedule of tariffs. The flow limiter will be reinstated after seven days.

14.7 Where a domestic customer has suffered water loss due to an underground water leak or water leak that was not easily detectable, the Municipality may adjust the sewage disposal charges.

15. DEBT RELIEF PROGRAMME: WATER CHARGES

15.1 The debt relief programme is aimed at assisting Customers who are in arrears for water services charges, for a period of sixty (60) days or more. Customers, excluding staff and Councillors, eligible for the debt relief programme are those families—

15.1.1 who reside on property with a Municipal property value that satisfies the threshold value contemplated in Clause **15.2**; or

15.1.2 where the Customer has temporarily lost employment and meets the criteria contained in *Clause*

15.2 The following criteria must be met before a Customer will be regarded as eligible for debt relief:

15.2.1 The submission to the Head: Customer Services of a comprehensive report by the ward or PR councillor on the Customer and status as contemplated in Clause **15.1.1** and/or **15.1.2**.

15.2.2 The submission to the Head: Customer Services of a written report by a municipal social worker containing a finding that the Customer qualifies for debt relief, based on a site visit and assessment of the family's circumstances;

15.2.3 The Municipal property value of the Customer's property does not exceed the threshold **value for rates relief as determined** by the Municipal Council at its annual budget meeting; and

15.2.4 The Head: Customer Services must grant written approval for debt relief to be granted to the Customer.

15.3 Upon approval of the Customer's eligibility for debt relief by the Head: Customer Services and notification to the CFO, the debt must be written off. The CFO must report the writing off of all debt in terms of this section to the Municipal Council by compiling a report in terms of Section 71 of the MFMA.

15.4 Debt relief will lapse where the customer ceases to meet all the relevant qualifying criteria, as contemplated in Clause **15.2**.

16. DOMESTIC WATER INSURANCE AND WATER LOSS

16.1 It is the responsibility of the owner of property to take out a water loss insurance policy against undetected leaks. Where the Municipality has contracted with a private insurance ***Company for the provision of Domestic Water insurance for its Customers, a Customer may opt to participate in such insurance arrangement*** (currently restricted to individually metered dwelling units in terms of the ***Water Supply Bylaw, 2015 of the Municipality***). In such event, the monthly premium payable, will be raised on the consolidated account, and forwarded to the private insurance company. If the private insurance company, in question, is satisfied that there was a leak and was repaired correctly, it will process the Customer's claim and pay directly to the Municipality. Customers are given sixty (60) days after the leak has been repaired to submit a claim. Customers are referred to the actual Insurance policy document for a detailed explanation on the conditions of Indemnity or Basis for Cover.

16.2 Where an account is in arrears on account of an insurance claim contemplated in Clause **16.1**, not having been finalized, the CFO may suspend proposed action to terminate a municipal service to the Customer's property (as part of its debt collection processes) for a period of sixty (60) days. Such period may be extended by the CFO for a further period

of thirty (30) days upon written application by the Customer in the prescribed form. No further extensions shall be granted irrespective of whether or not the claim is finalized.

16.3 In relation to the individually metered dwelling units referred to in Clause **16.1**, the Municipality may, in accordance with its Water Supply By-law, adjust charges that were raised in respect of sewage disposal against any domestic or non-domestic Customer, where the sewage disposal charges arise from water leaks which were repaired correctly and timeously.

16.4 The adjustment in Clause **16.3** will only be considered where the customer had fully paid up accounts prior to the water leak and is extended to all Customers, not only to those who have Domestic Water insurance with a private company contracted by the Municipality. However, an adjustment will be limited to property owners with a property value as determined by the Municipal Council at its annual budget meeting.

16.5 Customers who are covered by Domestic Water Insurance referred to in Clause **16.1** will have an item on their account which reads “Water Loss levy”.

17. TERMINATION OF SERVICES AND SERVICES AGREEMENT

17.1 At least fourteen (14) days’ written notice is required from the Customer upon termination of an account, to enable the Municipality to take final meter readings and process account adjustments.

17.2 Once the account is terminated, the account must thereafter be linked (where applicable) to the owner’s rates account.

17.3 Unless otherwise directed by an order of court, the Municipality will not terminate or disconnect water and or electricity supply, at the request of a Landlord or owner, where there are occupiers on the property or premises and the Landlord or the owner is not a Customer in respect of such supply.

17.4A Customer who wishes to terminate, disconnect or remove a water and or electricity supply where there are occupiers on the property or premises, must, before such an application may be considered:

17.4.1 Provide the Municipality with proof that the occupiers have been given fourteen (14) days' notice of the proposed termination (not later than 30 days prior to the lodging of an application with the Municipality); and

17.4.2 Settle all amounts owing to the Municipality or make a suitable arrangement to liquidate the debt as *contemplated in Clause 23* of this Policy.

17.5The Municipality may exercise its common-law right where a tenant on a property is in breach of his or her contract with the Municipality and link the debt to the owners' account. The tenant shall forfeit his or her deposit to the owner where the outstanding debt is paid by the owner.

17.6The Municipality may terminate a service agreement, having given a written notice of not less than 14 days to the Customer, if the Customer concerned has breached or failed to comply with any specific term or condition of the service agreement, and has failed to remedy such breach or rectify such failure after service on such Customer of a notice to do so in terms of section 11 of the Credit Control and Debt Collection By-law.

18. UNALLOCATED CONSUMPTION

18.1A registered owner remains liable to monitor his /her property as well as meter readings even if all electricity or water services have been disconnected.

18.2Accordingly, when electricity and water consumption is recorded on a property during a period for which there is no registered Customer against whom a bill can be raised, the relevant charges for electricity and water services shall be raised against the registered owner on his or her consolidated bill.

18.3Furthermore, the Municipality has the right to remove relevant Municipal infrastructure (and other components) at the cadastral boundary of the property to ensure that ongoing electricity and or water consumption, is terminated.

19. METER READINGS

19.1 The Municipality may estimate readings and read meters in accordance with the period prescribed in the respective water and electricity policies and By-laws.

19.2 If, for any reason, the Municipality is unable to gain access into the customer's property to read electricity or water meter, estimated charges will be raised into the account, in accordance with the electricity and water by-laws and/or Policies. The compliance notices will thereafter be issued to the customer requesting access to the meter for conducting readings.

19.3 Should the Customer fail to comply with the compliance notice within the prescribed time period, the Customer will be *guilty of an offence*. In addition, the Municipality may levy higher estimated charges, increase the Deposit of the Customer or disconnect services to the property.

20. DEBT RECOVERY USING THE PRE-PAYMENT METERING SYSTEM

20.1 The municipality may institute debt recovery procedures through a prepaid electricity meter by holding a certain percentage of the purchase value to credit the account. The percentage to be held shall be in accordance with council resolution for each financial year or whenever such is taken.

20.2 This action will be by prior notification to such debtor and shall remain unchanged unless

(iv) any penalties.

~~20.4 Subject to the provisions of this Clause 20.1, a person whose account is in arrears, may voluntarily apply to the CFO on a prescribed form for the pre-payment debt recovery facility.~~

~~20.8 Where an application for the pre-payment debt recovery facility is approved, the Customer shall be liable to pay such connection fee or other charge as may be prescribed in the Tariff Book.~~

20.9A Customer whose account is in arrears and whose meter has been tampered with, shall be liable to pay a connection fee and sign an Acknowledgement of Debt before a pre-paid meter can be installed on site. Such connection fee may, in the discretion of the CFO, be added to the principal debt owing under the Acknowledgment of Debt.

20.10 Upon conclusion of an Acknowledgment of Debt, it will be incumbent upon the Customer to complete such documents as may be required by the Matjhabeng Electricity Department for the installation of the pre-payment metering system determined by the Municipal Council at its annual budget meeting.

- b) copies of all current accounts must accompany any application made manually or electronically, as the case may be. If the relevant information is not provided, the application will be returned to the Conveyancer.

- c) the Municipality does not accept responsibility for errors on manual applications. The Conveyancer must check that all details on the application, assessment and the revenue clearance certificate are correct.
- d) assessed figures are calculated in advance based on the period determined by the CFO. Municipal charges are estimated based on previous consumption, taking into account any existing Property Rates Rebate. However, in the case of a transfer of a share in a deceased estate property to the heir and holder of the other share/s, assessment figures may be calculated thirty (30) days in advance if all arrear debt is paid or will be paid when the assessment is paid by the Conveyancer and the heir is already registered on the system as a Customer in respect of such property. Should the Conveyancer opt for the reduced assessment period, he/she must indicate this when making application for a revenue clearance certificate.
- e) Where an assessment is requested and there is Section 118(1) debt, and other outstanding amounts that have arisen during ownership of a property (“Section 118(3) debt”), the Municipality shall notify the Conveyancer, in writing and request an indication of the manner in which the whole of the debt will be settled. The Conveyancer must inform both the seller and the purchaser of the outstanding debt due to the Municipality.

Such notification must be furnished as soon as possible but no later than 2 days after the date of issue of a revenue clearance certificate in terms of Section 118(1) of the Systems Act.
- h) an “Attorneys’ Report” in respect of all amounts owing and the assessed figures, shall be issued upon receipt of a request for the report.

- j) prior to the issue of a revenue clearance certificate for a subdivision which is still held under the title of the parent property, the owner/seller must pay all debt on the parent

property. The onus rests with the owner/seller to ensure that on new sub-divisions, the debts on the parent property are fully paid. Any subdivision still held under the title of the parent property, must be valued by the Municipal Valuer and entered on the valuation roll prior to the issue of a revenue clearance certificate so the rates and other Municipal charges incurred in connection with that subdivision can be determined and paid.

- k) any discrepancies may result in delays in the issuing of a revenue clearance certificate, and in addition may result in the levying of additional backdated rates, penalties or charges.
- l) any amounts paid shall be appropriated to the oldest debt first.
- m) a separate application is required for each transfer.
- n) an assessment in terms of Section 118 (1) of the Systems Act will only be issued on request by a Conveyancer.

An account for the property subject to the revenue clearance application will be rendered together with the full interest that accrued on the consolidated account.
- r) Assessed figures **must** be based on, and will be issued only, once an actual reading has been done.
- s) Subject to Clause **21.8** of this Policy, a revenue clearance certificate shall be issued within ten (10) days of the date of payment of the amount requested in the “Attorneys’ Report”.
- t) Where simultaneous transfers of a property are contemplated, the Conveyancer must apply for a separate revenue clearance certificate in respect of each new transfer notwithstanding that this may not be a requirement of the Deeds Office. The purpose of separate revenue clearance certificates is to ensure that all debt due to the Municipality is paid.

- u) A conveyancer must, when requesting an assessment in respect of a property to be transferred to a minor, submit an affidavit in the prescribed form providing such particulars of the minor and of the minor's guardian as may be prescribed.
- v) The CFO has the right to request the conveyancer to submit either with, or any time after an application for an assessment, a photograph of the water and or electricity meter showing the meter reading as at a certain date.

21.3 The Municipality reserves the right to follow any of the legal mechanisms available to it in order to recover the balance of the debt, including, lodging an urgent application to interdict the sale of the property until the debt is paid in full.

21.6 The seller shall furnish to the Municipality new contact details, in writing, comprising a postal and physical address and such further information as may be determined by the

CFO from time to time, prior to the Municipality issuing the rates clearance certificate. The seller shall continue to keep the Municipality informed of any change in contact details until such time as the Municipality has confirmed in writing that all amounts that became due whilst the property was in the ownership of the seller (whether or not raised at the time of the rates clearance certificate) have been paid up. Non-compliance with this Clause will be regarded as an offence.

21.7 Subject to the application of the law, where, subsequent to the transfer of ownership of a property, the Municipality becomes aware of any Municipal Charges that ought to have been raised in terms of any Legislation (e.g. the MPRA) or this Policy against a predecessor in title to the property, the Municipality will be entitled to hold such predecessor in title liable for such Municipal charges. If, by law, the Municipality is entitled to continue raising such Municipal charges post transfer, the new owner will only become liable for those Municipal charges that become due and payable with effect from the date of transfer.

21.8 Where an application has been made for a revenue clearance certificate, in respect of a property on which unauthorised development has taken place, or unauthorised /illegal activities have been conducted, the application will not be processed further until such time that the Municipality has re-assessed the valuation of the property, the rate randage of the property and where applicable, has implemented a rating category change.

22. LEGAL ACTION AND COST ORDERS.

22.1 Without derogating from other remedies available to the Municipality in law, legal proceedings may be instituted by the Municipality to recover arrear amounts on service accounts, where—

22.1.1 An example will be the levying of adjusted rates in terms of Section 78 of the MPRA on account of an event on the property (e.g illegal building works) or a change of category (e.g. an illegal use of the property) that occurred prior to transfer and continues post transfer.

22.2 The Municipality may, in terms of Sections 28 and 29 of the MPRA, recover arrear rates from tenants in occupation of the relevant property, or managing agents, but only to the extent of the rent payable or amount due by the tenant but not yet paid to the owner of the property. This does not preclude further legal action against the owner.

22.3 Where an immovable property constitutes a Primary Property, all reasonable steps will be taken to ensure that the ultimate sanction of judgment and sale-in-execution is avoided or taken as a last resort. The Municipality, however, has total commitment to follow the legal process through to judgment and sale-in-execution should the debtor fail to make use of the alternatives provided for by the Municipality from time to time.

22.4 Subject to Clause 22.3, the Municipality shall be entitled to apply to a Court for an order declaring a debtor's immovable property to be specially executable and for a writ of execution to be issued against the property in order to realize the full judgment debt unless the debt is paid, or an arrangement has been made to settle the debt to the satisfaction of the Municipality.

22.5 All Collection Charges shall be debited to the relevant debtor's account.

22.6 All legal costs, including attorney-and-own-client costs incurred in the recovery of arrears, shall be levied against the debtor's account;

22.9 Where a Sectional Title Body Corporate is in arrears, the CFO may apply to court for the appointment of an administrator in terms of Section 16 of the *Sectional Titles Management Scheme Act 8 of 2011*, as amended, or for the joinder of the members of the Municipal Council may, at its annual budget meeting, determine the Municipal property value threshold, below which it will not attach a Primary Property to satisfy a judgment debt of the Body Corporate, in their personal capacities as joint judgment debtors in respect of a judgment debt in favour of the Municipality in terms of section 15 of such Act.

22.10 Where a court awards a costs order against the Municipality, a bill of costs must be submitted for taxation.

23.6 Should the tenant breach the Credit Authority referred to in Clause **23.5**, the Credit Authority and the account shall be terminated with the tenant and linked to the owner's rate account. Such action shall not detract from other legal mechanisms available to the Municipality to recover the debt.

23.7 Re-connection and disconnection fees, where applicable, must be paid in full before any Credit Authority can be entered into.

23.8 By entering into a Credit Authority, the debtor(s), and where applicable, the owner, acknowledges that failure to meet any instalment will, subject to the provision of the Bylaw, result in prompt disconnection action being taken, without prejudice to any legal action that the Municipality may take to recover the arrears.

23.11 The amount of the down payment and the period of the Credit Authority shall be at the discretion of the CFO.

23.12 The Credit Authority shall be terminated if a debtor relocates from the property. The balance owing shall become immediately due and payable.

23.13 The monthly instalments on a Credit Authority are payable within twenty one (21) days from the date of the account notwithstanding any further extension of time printed on the face of the account.

23.14 A Credit Authority shall be cancelled upon application for a revenue clearance certificate on the property, and the whole debt shall become due, owing and payable, notwithstanding any agreement to the contrary.

23.15 Where the Credit Authority is based on interim readings, the amounts on the Credit Authority will accordingly be adjusted once the actual readings are taken. The Customer must sign any additional documentation relative to this.

23.16 A Credit Authority for staff and councillors shall be in accordance with Clause **12** of the Policy.
